LOOKS LIKE HOOPER YOUNG.

Suspect Held at Derby, Conn., for Mur-
dering a New York Woman.

Derby, Conn., Sept. 22.—A man who
tallies exactly with the description of
Hooper Young, who is wanted by the
New York police for the murder of
Mrs. Annie Pulitzer, has been arrested
by the local police. The man is
held here awaiting instructions from
Captain Titus.

The man vigorously resisted arrest,
and when brought to headquarters re-
fused to give his name or account for
his presence in this vicinity.

A short time after reaching the
station the prisoner became more com-
municative, after asking for and re-
ceiving a drink of whiskey and a
cigarette. He accounted for his pres-
ence in this vicinity by saying that he
was disappointed in a love affair six
years ago in Oregon and took to the
road, and has been a tramp ever since.
His appearance, however, belies this
statement.

Chief of Police Gillette was asked
why the New York police had not
been notified and he said that he wished
to be positive that he had the right
man before informing Captain Titus.

KILLED BY A POSSE.

Nebraska Murderer Shot to Death
Near Bancroft.

Bancroft, Neb., Sept. 22.—Peter
Olsen, who shot and killed his sweet-
heart, Mary Peterson, in Omaha, on
Sept. 8, was killed in a fight with a
posse during the day. Olsen came to
Bancroft and stopped at a local hotel.
He was recognized by L. R. Fletcher,
who notified the authorities. Con-
stable Copple formed a posse and be-
gan looking for Olsen, who had started
north on the railroad. The mem-
bers were on horse back and over-
took Olsen three miles north of town
and Constable Copple ordered him to

surrender. He paid no attention and
on a second demand from the officer
drew a revolver and fired. A general
fusillade then began and Olsen fell
at the first volley. Members of the
posse rushed to where he had fallen,
when Olsen raised his revolver and at-
tempted to again fire, but the car-
tridge did not explode. A member of
the posse then fired a load of shot into
his body, from the effect of which he
died a few minutes later, while being
taken to town.

MERGER OF PACKERS.

Preparations for Consumption Ap-
parently Going on at Omaha.

Omaha, Sept. 22.—What is pre-
sumed to be preparations for the
merging of packing house interests
will begin at the South Omaha pack-
ing houses during the day in the way
of taking inventories of stock and
other properties. One of the largest
companies paid its men in advance
last week and has sent out a circular
instructing agents to settle claims and
take inventories during the coming
week. The same work is under way
in one of the other large houses, while
it was completed in a third last week.

A party of men said to be repre-
sentatives of the proposed combine
were in the city several days last
week making an inspection of the
packing plants and stockyards.

FATAL BATTLE WITH TRAMPS.

Officer and Negro Roustabout Dying at
East St. Louis, Ill.

East St. Louis, Sept. 22.—In a duel
between Special Officer Benjamin No-
lan and John Kratzmeyer of the Illi-
nois Central railroad and two negro
roustabouts, who were skulking about
the Central yards in East St. Louis,
Officer Nolan was fatally shot by Gus-
tav Dubois, a roustabout, and Dubois
also received fatal wounds.

MILLERS WILL STRIKE

MINNEAPOLIS FLOUR MAKERS
DEMAND AN EIGHT-HOUR
WORKDAY.

MEN VERY DETERMINED

Unless Their Request Is Accorded to a
Suspension of Work Will Take Place

Next Monday—Should the Struggle
Last the Price of Wheat Will Drop.

About Three Thousand Men Will
Be Affected.

Minneapolis, Sept. 22.—By a three-
quarters vote the Minneapolis Flour
Mill Employes' union decided during
the afternoon to go out on a strike
next Monday if their demand for an
eight-hour work day is not granted.

Over 600 were present at the meet-
ing at Alexander's hall. The discus-
sion was stormy and heated. For a
time it appeared as if the radical el-
ement would control the assembly and
have a strike declared at once.

After a running debate of several
hours, the conservatives managed to
persuade the members present that it
would be for their best interests to be
deliberate in their actions. A commit-
tee of five was appointed to present
the union side of the case before the
managers of the flour mills Tuesday.

The committee asks an answer by
Thursday. If the mill owners' de-
cision is in the negative, a strike will
be declared, to take effect next Mon-
day. A large number of new mem-
bers was taken into the union. Nearly
every man in the mills now belongs to
the union.

If the men go out on a strike they
will insist that hereafter every man
employed in the mills shall be a mem-
ber of the union. The Flour Loaders'
union by practically a unanimous
vote decided to stand by the mill em-
ployees.

Will Accept No Compromise.
No action in the matter was taken
by the Flour Packers' union. They
will go to work the same as usual next
Monday, strike or no strike. They
will go on strike, however, if an at-
tempt is made to substitute nonunion
men for the strikers.

The mill employes are determined.
Judging from individual expressions
of the different members of the union
at the meeting, no compromise will be
accepted. The meeting was probably
one of the most exciting in the history
of the local union. The movement of
the local men for shorter hours is of
national interest. If the men win
their strike, all of the mills through-
out the country will have to put their
men on an eight-hour basis.

The fight, if a strike is declared,
will be a fight to a finish. All of the
flour mill unions throughout the coun-
try have offered financial support to
the local union in case of need. Both
the price of flour and grain will be
affected all over the country.

The Minneapolis mills manufacture
over 16,000,000 barrels of flour yearly,
or nearly three-fifths of the total out-
put of the country. The price of wheat
will go down, as the price is partially
maintained by the amount of grain
the Minneapolis mills use in grinding.

If the strike should be called, almost
2,000 men will quit work. A number
of people will be indirectly affected
if the strike is prolonged to any ex-
tent.

One of the main arguments used to
put off definite action, was to see
what action the employers' and em-
ployees' convention will take in the
matter of an eight-hour day.

TRAINMEN MAY TAKE A HAND.

Brotherhood Likely to Refuse to Haul
Nonunion Mined Coal.

Wilkesbarre, Pa., Sept. 22.—The
Brotherhood of Railway Trainmen em-
ployed on all railroads centering in
Wilkesbarre held a secret meeting at
Kingston during the day to take some
action on the question of brotherhood
men hauling coal from the mines
where nonunion men are employed. A
resolution was adopted requesting the
secretary of each local division to
write a letter to Grand Master P. H.
Morrissey, requesting him to come
here at once.

Morrissey was in the strike region
some time ago and looked over the
situation. He is said to have come
to the conclusion then that the time
was not opportune for the railroad
men to do anything.

ITALIANS USE REVOLVERS.

One Dead and Another Dying as the
Result of a Quarrel.

Chicago, Sept. 22.—One man shot
to death and another dying at the
county hospital is a result of a fight
between two Italians. The partici-
pants were Napolitan Giovanni
who was killed, and Alphonse Koludri
who is reported mortally wounded.

All the police were able to learn of
the tragedy was that there had been
a quarrel and that each man had vowed
vengeance on the other. The two men
exchanged no words, but began
firing at the same moment. Giovanni
fired twice and Koludri three times.
The former was shot in the breast, in
the leg and in the mouth. Koludri
was wounded twice in the right side.

ABOLITION OF SUBTREASURIES.

Secretary of the Treasury Shaw In-
terviewed on the Subject.

Chicago, Sept. 22.—Secretary of the
Treasury Leslie M. Shaw was inter-
viewed in regard to a report that the
abolition of the subtreasuries has been
under consideration. "The secretary
of the treasury is the only cabinet
officer who reports directly to con-
gress," said Mr. Shaw. "I am em-
powered to make whatever recom-
mendations I may deem advisable, and
my forthcoming report may contain
certain recommendations which I
deem necessary for the public welfare.
Should I say what these recommenda-
tions would be, congress might de-
cline to adopt them."

"The abolition of the subtreasuries,"
continued the secretary, "would re-
lease \$83,000,000 at the present time.
The remainder of the \$218,774,500
in the treasuries at the last report is in
circulation now. We have sought to
deposit the money as rapidly as pos-
sible and avoid a congestion of the
market."

"What is to be done before congress
convenes?"

"I do not know that anything will
be done."

"By the anticipation of the October
interest you have acknowledge the
necessity for some action, and the
high rate of interest prevailing in
New York is further reason for action,
is it not?"

"Well, we have put considerable
money in circulation through the
banks and I do not anticipate any dan-
ger. The payment of the October in-
terest, of course, brought some relief.
There is no occasion for anxiety. What
congress will do when it meets to re-
lieve a contingency that is constantly
recurring is something I cannot fore-
tell."

FOR CONTINUAL "NAGGING."

Iowa Minister Leaves the Church
Rather Than Live With His Wife.

Keokuk, Ia., Sept. 22.—The case of
Rev. P. J. Henness before the Iowa
conference of the Methodist Episcopal
church ended as abruptly as it had
begun when the accused pastor re-
signed in a dramatic manner. After
the trial committee appointed by
Bishop Hamilton and composed of
thirteen prominent divines, had been
in session for into night, Mr. Henness
himself took the stand. He said it
was evident to himself and to his at-
torneys that he was not to have fair
treatment, and then he handed the
parcements of his ordination in 1887
and his resignation from membership
in the church as well as from the
ministry. Turning to his wife who
was present, the self-unfrocced minis-
ter exclaimed: Women, behold the
wreck of a man you have made."

His wife broke down at this ex-
hibition. The committee immediately
closed its session, having lost its juris-
diction of the case.

Mr. Henness, after maintaining sil-
ence stubbornly for a year, said that
the reason he left his wife was for
continual "nagging," which broke
down his health and rendered it im-
possible for him to do ministerial work.
The charge against him before the
conference was simply his separation
from his wife, whom he agreed to sup-
port, but refused to live with. No
question of immorality was involved,
the claims of the prosecution being
that Mr. Henness' conduct was un-
clerical, and that a minister so sepa-
rated, should not be sent out as pastor
of a church by the bishop. Mr. Hen-
ness will go to North Dakota to en-
gage in mining business.

ROOSEVELT IN DETROIT.

City of the Straits Entertaining the
Chief Executive.

Detroit, Sept. 22.—For the second
time in the history the City of the
Straits is entertaining the chief ex-
ecutive of the nation. President The-
odore Roosevelt arrived in the city at
8 o'clock a. m. over the Michigan
Central railroad. He found Detroit
awaiting his arrival in gala attire.
Flags were flying from every staff in
the downtown section and the city
was bright with bunting. Pictures of
Roosevelt greeted the eye at every
turn. Throughout the day the presi-
dent was greeted with tumultuous
cheers at his every appearance. Crowds
lined the streets about the Hotel
Cadillac all day.

The weather was all that could be
desired. The afternoon was bright
and warm with a pleasant breeze.

It was a restful day for the presi-
dent, although his time was complet-
ly occupied by the programme mapped
out for him by the local committee.

Immediately on his arrival the
president was driven to the Hotel
Cadillac. At 10:30 o'clock he attend-
ed services at the Fort Street Presby-
terian church. He drove from there
to General R. A. Alger's residence,
where he was entertained at lunch-
eon. He returned to the Cadillac
soon after 3 o'clock, only to leave
again in a short time for a drive about
the city.

LIVE STOCK KILLED IN WRECK.

Five Hundred Head of Cattle and
Horses Lost in North Dakota.

Grand Forks, N. D., Sept. 22.—
Twenty-two stock cars of an east-
bound train on the Great Northern
left the track at Arvilla. Ten of the
cars contained cattle and the rest
horses.

There were about 600 head all to-
gether, and of these but 100 were
saved alive. Many of the others were
killed outright and the rest are still
beneath the heap, some dead and
others bellowing in their sufferings.
The track was cleared for trains about
10 o'clock, but the work of clearing up
the wreck will take several days.

Miss Elsie Macomber of Des Moines
(la.) Christened the Cruiser.

Quincy, Mass., Sept. 22.—The cruiser
Des Moines was launched from
the yards of the Fore River Ship and
Engine company shortly after noon.

Hundreds of people saw the ship
plunge into the water and for some
time after their cheers echoed along
the river banks. Miss Elsie Macom-
ber of Des Moines, with Governor
Cummins of Iowa and Mayor Brenton
of Des Moines standing by her side,
smashed the traditional bottle of
champagne against the steel prow of
the cruiser, while Miss Clara N. Car-

which held the last keel block and
started the ship down the ways.

The Des Moines is the largest ves-
sel ever launched in the waters of
Massachusetts bay and is the first of

struction by the Fore River company.

Chicago Electric Car Running at High
Speed Jumps the Track.

Chicago, Sept. 22.—Fifteen persons
were injured, two of them seriously,
when an Elston avenue electric car
jumped the track, hurdled over the
curbing and across the sidewalk, tore
down a wooden fence and dashed
against the end of a house. The car
was going at topmost speed. Those
injured the most were hurled from the
car. The motorman did his best to
stop the car, but the brakes appar-
ently did not work.

McCarthy, a lawyer of Hazleton, Pa., visited Senator Quay at Republican state headquarters here during the day and submitted to the senator the draft of a bill making provision for the appointment of a receiver to assume control of the anthracite coal mines under certain contingencies. Mr. McCarthy recently submitted the same bill to President Mitchell of the United Mine Workers.
The measure authorizes the legislature to appoint a receiver for the coal companies on the ground that the corporations have violated the state constitution, which provides, in article 16, section 3, that charters and franchises of incorporated companies may be revoked if the business of the corporation is so conducted as to infringe the rights of individuals or the public welfare.
It could not be learned what transpired during the conference, but Mr. McCarthy intimated that Senator Quay had agreed to give the subject careful consideration.

It seems that the wages of some of the helpers at the Northern Pacific shops were not raised the last time the notice was posted and there was quite an urgent demand from these few that they be given the same tilt as their fellow workers. A committee waited on Master Mechanic Bean and it is understood that the matter has been amicably settled.

SERIOUS TROUBLE
AT POWER HOUSE

An Important Piece of Machinery
Has Burned Out Which is
Hard to Replace.

LIGHTS WILL BE TURNED OFF.

Supt. Peterson with His Men are
Working on the break in
Many Feet of Water.

There is quite a serious breakdown at the power house at the dam and one which is causing Supt. Peterson and his men considerable inconvenience, but which will be fixed, it is thought, without much delay. The step, a wooden block, on which the new wheel rests, has burned out and this will have to be replaced before the difficulty can be overcome. A bad feature about the break is the fact that the step is now several feet under water and the men have to work there.

Supt. Peterson expects to have the lights shut off tomorrow night for a time in order to get the step in condition.

ENGAGEMENT ANNOUNCED

Former Brainerd Young Lady Will Shortly be Married at Her Home in the Zenith City.

Saturday's Duluth Tribune contains the following announcement concerning a young lady formerly a resident of this city:

The engagement of Miss Jean Rosser, of Superior, and William R. Peyton, of Duluth, was announced yesterday afternoon at a reception given at the Peyton home, 1329 East Superior street.

The engagement came as no surprise to the young persons' intimate friends, though it was not known that it was to take place yesterday afternoon. The reception hours were from 4 to 6 and about 350 friends attended.

Miss Rosser is the daughter of Dr. and Mrs. John Casper Rosser, proprietors of Leslie hospital in Superior and is one of the most prominent young society women in either city, having lived in Duluth at one time.

The prospective groom is the son of H. M. Peyton, and is one of the partners in the Gowan-Peyton-Twohy company of this city.

MUSIC AND DRAMA.

"ON THE STROKE OF TWELVE."

"On the Stroke of 12", the powerful comedy-drama which is given its first introduction this season, after three successive seasons of great success in the east, is one of the most successful plays of its kind now on the road. A sensational escape from prison gives the play its title and a scene in a counterfeiters den is another of its novel features. Jack Rutledge, the hero, is falsely accused of a crime and convicted. He escapes from prison in a highly dramatic fashion and then proceeds to hunt down his enemies. There is plenty of comedy running through the play and this is furnished by a "yiddish" character, a negro servant and an Irish hostler. The play makes a strong claim for the novelty and effectiveness of its scenery which is carried complete. Tonight is the date for its first presentation in this city at the Brainerd Opera House.

ELLERY'S ROYAL ITALIAN BAND.

Lovers of Music—and who is not a lover of music?—in this city should congratulate themselves on the opportunity to be given them at the Brainerd Opera House on next Wednesday evening, Sept. 24, of hearing the Royal Italian Band, which is the greatest concert band that has ever toured America. Special and unstinted praise has been accorded the director, Sig. Emilio Rivela, by the eastern press for his marvelous control of his musicians and his original interpretations of the great composers. The organization of this season is much larger than last, comprising now fifty-five musicians and includes some of Italy's finest instrumentalists. A remarkable fact that is noticeable in the composition of the organization is the number of wood instruments and the absence of the cornet and slide trombone. Nearly one-half of the band is wood and the effect is said to be quite different from anything ever heard in this city. The programs for the concerts here have been arranged with a view of catering to the well known musical taste prevailing among the citizens of our city. Seats on sale at H. P. Dunn & Co.'s drug store, tomorrow.

"PENNSYLVANIA."

Two gentlemen who have made their marks as dramatists have combined in evolving the new Statenamed comedy drama, "Pennsylvania" and the result is a modern play abounding in the brilliant language and character drawing that marks the work of the old writers for the stage joined to the quick action and stirring climaxes of the present day school. This makes a production which will find favor with dress circle and gallery alike. The authors are, Daniel L. Hart, whose "Parish Priest" has charmed everybody, and C. E. Callahan, the writer of the popular comedies "Fogg's Ferry," and "A Romance of Coon Hollow." "Pennsylvania" is announced soon for the Brainerd Opera House.

"BARBARA FRIETCHEL."

Chas. Astor Parker the manager of the Mary Elizabeth Forbes company that is to appear in this city at the Brainerd opera house soon is said to have guaranteed Clyde Fitch the sum of \$15,000 in royalties for his present tour of fourteen weeks in the latter's war drama of "Barbara Frietche".

"YON YONSON."

The original Swedish-American characterization, "Yon Yonson" will soon be presented to the theatre goers of this city for another visit. During the last ten years "Yon Yonson" was proven a great success and indications are that he will continue to do so as long as the high standard of the production is maintained.

THEIR BELIEF THE SAME

SPEAKER HENDERSON IN PER-
FECT ACCORD WITH ROOSE-
VELT'S TARIFF VIEWS.

INTERVIEWED IN CHICAGO

Noted Iowa Congressman Heartily
Approves of the President's Cincin-
nati Speech Against Revision of the
Tariff—Says He Has Spent Twenty
Years Fighting for Protection for
American Industries and Labor.

Chicago, Sept. 22.—David B. Hen-
derson, speaker of the national house
of representatives, passed through
Chicago during the day on his way to
Atlantic City, where he will join Mrs.
Henderson. Before leaving for the
East, Speaker Henderson reiterated his
decision to retire from the congres-
sional race in Iowa, denied any in-
tention of "abdication" his present
position until his term of office shall have
expired, and declared himself in per-
fect accord with the tariff views of
President Roosevelt, as enunciated in
his Cincinnati speech.

"I have spent twenty years of my
life fighting for protection for Ameri-
can industries and American labor,
and I shall not be a party to any juggling
at this late day," the speaker
said. "President Roosevelt's tariff
views set forth in his Cincinnati
speech coincide with my own. There
is no difference in our belief. His
speech was a strong one and it has
my hearty indorsement."

"Then the differences are confined
to your own state?" was asked.
"Yes, largely. Let the new lights
shine." The speaker smiled broadly
as he used this phrase.

"Is there any chance of your friends
prevailing on you to reconsider your
action?"
"Absolutely none. I cannot see my
way clear to gratify their wishes. It
grieves me to remain firm with them,
but it is

A Matter of Principle.

The pressure brought to bear on me
has been strong. Senator Allison and
a host of my old friends came to the
station during the morning to make
a final assault on me. I had to say
"No."

"Will you resign from congress and
give up the speakership before the
end of your term?"

"I shall not," was the prompt reply.
"My declination of a renomination is
one thing and a resignation from con-
gress is another thing. I shall serve
out my term in congress and I shall
continue to fill the office of speaker.
I have had no other intention."

The suggestion was advanced that
"ideas" and "policies" in Mr. Hen-
derson's home state might change after
a brief period.

"Let the new lights shine," again
came the answer.

When it was suggested that certain
leaders had intimated that he was not
loyal to his party by resigning, a shade
of regret passed over the speaker's
face, but he quickly said:
"The retirement of one man or ten
men from an office cannot affect the
future of the party. When one steps
aside another takes his place and the
work goes on."

AGAINST TARIFF REVISION.

President Roosevelt Believes It Is Not
a Remedy for the Trust Evil.

Cincinnati, Sept. 22.—Before an im-
mense crowd at Music hall, at the Cin-
cinnati fall festival, President Roose-
velt took a firm stand against a re-
vision of the tariff as a means of curb-
ing the trusts.

The gist of his argument was that
the rearrangement of any particular
schedule in order to reach a given
trust would work to the disadvantage
of smaller manufacturers and to Ameri-
can workmen.

He urged the adoption of a consti-
tutional amendment placing the super-
vision of trusts in the hands of the
government.

The president was given an ovation
when he arose to speak, and he was
frequently interrupted by cheers.

BIG IRRIGATION CANAL.

Three Million to Be Spent Diverting
the Water of the Loup River.

Columbus, Neb., Sept. 22.—The Ne-
braska Central Irrigation company has
completed arrangements for the con-
struction of a \$3,000,000 power and
irrigation canal and the work of build-
ing it will begin in a short time. The
canal will divert the water of the
Loup river from a point near West-
point through the canal to an immense
reservoir near this city. From this
reservoir the water will have a fall of
ninety feet, with an outlet into the
Platte river, and besides furnishing
20,000 horsepower, will also irrigate
several thousand acres of land.

KNOX DECLINES TO TALK.

Attorney General Refuses to Discuss
the Panama Canal Question.

Washington, Sept. 22.—Attorney
General Knox returned to Washington
during the day after his trip to Paris,
where he conferred with officials re-
garding the sale of the Panama canal
property to the United States. Mr.
Knox devoted his time to questions
affecting the title of the company and
its right to dispose of the same, and
has considerable data on the subject.
From this he will prepare an opinion
for the president and pending that he
declines to make any statement on the
matter for the press.

Jealousy Results in Crime.

Johnstown, Pa., Sept. 22.—David M.
Goucher shot and seriously wounded
Miss Leorena Winnebrenner, aged
seventeen, and then sent a bullet into
his own heart, dying instantly. Jeal-
ousy is given as the cause.

W. S. STRATTON'S WILL.

Leaves \$1,000,000 to Build a Home for
the Sick in Colorado Springs.

Colorado Springs, Sept. 22.—The
will of the late W. S. Stratton has
been filed for probate. He leaves \$1-
000,000 to build the Myron Stratton
home for sick in this city and bequests
the rest of his estate, after being
turned into cash and after other be-
quests are satisfied, to the main-
tenance of the home. Carl S. Cham-
berlain of Brooklyn, N. Y., D. H. Rice
of this city and S. Dines are the ex-
ecutors. The will bears date Aug. 5,
1902.

The main provision of the will is
the establishment and erection of the
Myron S. Stratton home "in memory
of my father." To this home Mr.
Stratton leaves his vast estate and the
trustees are instructed to dispose of
all his holdings, properties, monies,
credits and other assets.

From the money so realized \$1,000-
000 is to be expended in purchasing a
suitable site in this city for the home,
after which the balance is to be used
in erecting suitable buildings. It is be-
lieved that another instrument exists
giving some plans for the home, the
specifications for buying and the man-
agement of the institution.

The objects of the Myron Stratton
home are specified to be "the erection
of the home for persons physically un-
able to earn their livelihood, whether
through advanced age, physical in-
firmity or who are otherwise handi-
capped."

The will expressly shuts out all
those who by reason of loathsome
disease, gross indecency or insanity
would imperil the health and happi-
ness of other inmates. The inmates
are to be selected by the board of
trustees from residents of El Paso
county, in which this city is located,
after which residents of the state may
be received.

VICTIMS OF THE PANIC

REMAINS OF THIRTY-EIGHT COL-
ORED PEOPLE INTERRED AT
BIRMINGHAM, ALA.

DEATH LIST NUMBERS 105

All the Negro Churches Were Crowd-
ed and the Naturally Excitable Na-
ture of the Race Was Worked to
a High Pitch by the Eulogistic
Sermons Over the Dead—White
Churches Raise a Fund of \$500.

Birmingham, Ala., Sept. 22.—Sun-
day was a day of funerals in Birming-
ham, the remains of thirty-eight vic-
tims of the panic in Shiloh church be-
ing interred in the various cemeteries
for negroes around the city.

All the negro churches were crowd-
ed and the naturally excitable nature
of the Southern negro was wrought
to a high pitch by the eulogistic ser-
mons over the dead bodies at the vari-
ous churches.

The death list is now known to
number 105 and 100 of these have
been identified. The police assert
that in addition at least five bodies
were taken to private houses. This
would swell the number to 110. In
nearly all of the churches for whites
sums were raised to assist the negroes
who are unable to give their dead
proper burial, and a fund aggregating
\$500 has been accumulated.

Among the victims of the disaster
was Kassougo, an African boy, brought
from the Congo Free State two years
ago by the Rev. S. Phillips Verner of
Tuscaloosa. Mr. Verner was a mis-
sionary to the Congo country and fell
into a game pit while there, being
severely wounded by the point of a
poisoned stake. Kassougo drew the
poison from the wound with his mouth,
saving Mr. Verner's life. The latter
brought the boy here to educate him.

J. H. Ballou, who is in jail charged
with precipitating the stampede, says
he does not feel responsible for the
accident.

REMOVED FROM OFFICE.

Charges Against Adjutant General of
Spanish-American War Veterans.

Indianapolis, Ind., Sept. 22.—It has
developed that several days ago Com-
mander-in-Chief James B. Corryell of
the Spanish-American War Veterans
requested the resignation of Adjutant
General W. C. Liller, charging him
with insubordination and disobedience
of orders. The adjutant general re-
fused to resign and he was removed
from office during the day by the com-
mander-in-chief, who appointed Cap-
tain Frank S. Clark as his temporary
successor. Clark has been acting as
assistant adjutant general. Mr. Liller
in an interview says he will bring the
matter up at the meeting and fight
the issue to a finish.

Commander Corryell says he will
ignore any attempt made by Liller to
bring the subject up before the en-
campment.

FOR GOOD OF THE SERVICE.

Corporal Reduced to the Ranks and
Eight Privates Dismissed.

Chicago, Sept. 22.—One noncommis-
sioned officer is reduced to the ranks
and eight privates are dismissed from
the United States army and sentenced
to terms in military prisons for vari-
ous offenses in an order issued by
Major General Bates, commander-in-
chief of the department of the Lakes.
The officer reduced is Corporal
Everett Scales, Company A, Four-
teenth infantry, who was found guilty
of assault with intent to do serious
bodily harm. In addition he will be
required to forfeit 10 a month of his
pay for nine months and serve the
same period at hard labor in the
prison at Fort Brady, Mich.

COLONIES TO PAY PART.

Must Contribute \$500,000,000 Towards
Cost of South African War.

London, Sept. 22.—The Daily Mail
says the government has decided that
the new South African colonies are
to be required to pay \$500,000,000 to-
wards the cost of the South African
war. The colonies are, however, to be
allowed ample time in which to make
this payment; it will not be collected
under the extension of trade and ex-
pansion of revenue permit. Conse-
quently, the loan will not be floated
for two or three years. Mining profits
will probably be taxed 10 per cent
more than they were before the war
and money will also be obtained by
granting all kinds of concessions and
mineral rights.

HIS WISH CARRIED OUT.

British Naval Officer Born, Married
and Buried at Sea.

London, Sept. 22.—Born at sea and
married at sea, Captain Richard Mar-
den, R. N., who died the other day,
left directions in his will that he
should be buried in the waters with
which his entire life had been con-
nected. The ceremony took place off
Gravesend, where Captain Marsden
lived the concluding years of his life.
The weather was rather rough, and
the coffin on being lowered overboard
floated out on a large wave, but be-
ing weighted it soon sank.
